#5507 | CRASH SHIELD

PRODUCT DESCRIPTION: 5 STAR XTREME #5507 CRASH SHIELD is a self adhering 3 mil clear plastic which covers & protects cracked windshields, doors, trunks, broken windows and sunroofs from weather damage! 3 mil puncture resistant plastic film with UV inhibitor. Adheres to clean and dry surfaces. Use on metal, glass, plastic, and interior surfaces. Clear visibility for driving vehicle inside and outside storage. Save time and money! The more efficient way to "SHIELD" vehicles from the damage and expenses that weather can cause. Removes quickly and easily. Available in 36" roll.

Part #	Description	Size	Case Qty.
5507	Crash Shield (3 mil) Roll	36" x 100'	12
HS-25	Handy Dispenser Cone		Special Order

PREMIUM

#5541-5545 | PREMIUM PLASTIC SHEETING

PRODUCT DESCRIPTION: 5 STAR XTREME PREMIUM PLASTIC SHEETING exhibits cling that stays where you put it! Pull down folding, paintable, and resists solvents. Great paint anchorage to eliminate flaking. Corona treated premium white and available in three sizes. **Works great with water-based paints.**

Part #	Description	Size	Case Qty.
5541	Premium Plastic Sheeting (8.5 micron)	12' x 400'	1
5543	Premium Plastic Sheeting (8.5 micron)	16' x 350'	1

QUALITY

#5503 | CLEAR STAR PLASTIC SHEETING

PRODUCT DESCRIPTION: 5 STAR XTREME Clear Star Paint Spray Protective Sheeting is a high density, tear resistant polyethylene film that protects vehicles from paint overspray. Both sides of the film are treated for improved adhesion. No special training or instructions needed for application. Clings to vehicle, tape only on corners – quick and easy!

Part #	Description	Size	Case Qty.
5503	Clear Star Paint Spray Protective Sheeting	12' x 400'	1

QUALITY

#5513-5516 | BRITE STAR WHITE MASKING PAPER

PRODUCT DESCRIPTION: 5 STAR XTREME Brite Star White Masking Paper is not polycoated on the top or bottom, but instead is Fluoro-Chemically treated, making it urethane grade paper with unique working qualities. This paper enables excellent adhesion for paint because there is no plastic coating to contend with (no flake-off). It is also tightly bonded which makes it easy to work, with excellent conformability and tear resistance. Brite Star is impervious to all chemicals from lacquers and enamels to urethanes. Brite Star is bleached white allowing for excellent color contrast when color matching. The white color will brighten up your booth, instead of tinting the color of the light.

Part #	Description	Size	Case Qty.
5513	Brite Star White Masking Paper	6" x 750'	Log
5514	Brite Star White Masking Paper	12" x 750'	3

5516	Brite Star White Masking Paper	36" x 750'	1

#5519-5524

MACHINE FINISHED GREEN MASKING PAPER

PRODUCT DESCRIPTION: 5 STAR XTREME Machine Finished Green Masking Paper is the standard in the industry and meets demands of the "Cost Conscious" shop. Available in many lengths, these papers will fit your needs. Remember Green Masking Papers are not poly-coated or chemically treated so the solvent penetrates with today's commonly used finishes. This should be a concern when choosing any paper that is not treated or coated. Yet there is a place in all shops where using Green Paper can save you money!

Part #	Description	Size	Case Qty.
*5519	Machine Finished Green Masking Paper (35#)	475'	Log
*5522	Machine Finished Green Masking Paper (35#)	550'	Log
*5524	Machine Finished Green Masking Paper (35#)	600'	Log

*Available in multiple widths.

D.T.M.
DIRECT TO METAL

PRODUCT DESCRIPTION: 5 STAR XTREME #8000 Series 2.8 VOC Acrylic Urethane Colors are D.T.M. (Direct to Metal) high solids, high gloss, LOW VOC coatings intended for use as a protective maintenance coating for automotive and industrial applications, surfaces exposed to humidity, chemicals and corrosive elements.

COMMON USES: Vehicles, Implements & Trailers, Industrial Plants & Mills, Chemical Processing Plants, Refineries, Storage Tanks & Piping, Buildings, Structural Steel & Roof Decks, Marine Vessels & Offshore Structures.

ADVANTAGES: Our urethane system may be applied direct to metal and provides excellent exposure protection to severe industrial, commercial and marine environments to maintain its exceptional gloss and color retention in the harshest of exposures.

PREMIUM AEROSOL PRIMERS

#5915 PREMIUM SELF ETCHING PRIMER etches and primes bare metal in one step, making it ideal to use as the first step in all automotive priming projects and spot repairs. A high-quality formulation allows for maximum adhesion under all types of automotive finishes on plastics, fiberglass, bare steel, aluminum and stainless steel surfaces. Color: Green.

#5925 PREMIUM SANDABLE PRIMER GRAY NOW SANDABLE! All-purpose, fast-drying primer that can be sanded to a smooth finish to help achieve topcoat uniformity. Great for smooth fill-in of surface cracks and imperfections and is effective on both painted and unpainted surfaces.

#5956 - #5958 | MP FLEXIBLE PRIMER are a specialty coating designed for use on metal and plastic parts. This primer helps to prevent corrosion while sealing out moisture and providing an excellent base for topcoat application on the majority of automotive metal substrates. Additionally, MP Flexible Primer has excellent flexibility and adhesion properties which enables priming of flexible and rigid plastics. MP Flexible Primer is fast drying, provides excellent film build and coverage while exhibiting excellent sanding abilities. Compatible with virtually all automotive substrates. Available in: Gray, Black and White.

Part #	Description	Size	Case Qty.
5915	Premium Self Etching Primer Green	12.5 oz	12
5925	Premium Sandable Primer Gray	12 oz	12
5956	MP Flexible Primer (for Metal, Plastic & Aluminum) - Gray	20 oz	6
5957	MP Flexible Primer (for Metal, Plastic & Aluminum) - Black	20 oz	6
5958	MP Flexible Primer (for Metal, Plastic & Aluminum) - White	20 oz	6

PREMIUM AEROSOL CLEARCOAT

#5916 PREMIUM QUICK FINISH CLEARCOAT is easy to use for "cutting in" replacement parts and door jambs. The EZ TOUCH™ FANSPRAY® valve requires 50% less finger pressure than a standard valve. Allows greater coverage with less overspray, and manipulates like a professional spray gun.

Part #	Description	Size	Case Qty.
5916	Premium Quick Finish Clearcoat	18 oz	12

PREMIUM AEROSOL PREP SPRAY & GLASS CLEANER

#5942 PREMIUM PREP SPRAY is specially formulated to remove oil, wax, silicone, grease and other contaminants from surfaces to be painted. This fast drying product leaves no residue making it the perfect pre-paint surface cleaner for any substrate. A must for any paint project. Suitable Substrates: OEM Finished, Bare Metal, Aluminum, Fiberglass, Automotive Plastics, Cured Automotive Finishes.

#5951 PREMIUM FOAMING GLASS CLEANER cleans in seconds and uses a superior non-streaking formula. Removes smoke haze, road film, greasy fingerprints, masking tape residue and even light overspray. Excellent for cleaning chrome, mirrors, metal fixtures, finished wood, vinyl, laminated counter tops and any hard surfaced material. Also excellent for marine, industrial and home use. Ammonia Free.

Part #	Description	Size	Case Qty.
5942	Premium Prep Spray	11 oz	12
5951	Premium Foaming Glass Cleaner	23 oz	12

PREMIUM AEROSOL GUN CLEANERS

#5952 & #5953 PREMIUM AEROSOL GUN CLEANERS are heavy-duty aerosols that quickly clean spray equipment and aerosol spray tips. Perfect for also removing grease, adhesives, dirt, grime and paint overspray. *Innovative spray assembly inverts can for cleaning paint guns!*

Part #	Description	Size	Case Qty.
5952	Premium Solvent Gun Cleaner	20 oz	6
5953	Premium Waterborne Gun Cleaner	20 oz	6

PREMIUM AEROSOL GUIDE COAT

#5929 PREMIUM GUIDE COAT provides a perfectly smooth finish for contouring repair areas. The fast-drying, easy-to-sand formula exposes surface low spots and imperfections. Provides a smooth, dark gray finish. Color: Dark Gray

Part #	Description	Size	Case Qty.
5929	Premium Guide Coat	11 oz	12

PREMIUM AEROSOL UNDERCOATS

#5920 PREMIUM RUBBERIZED UNDERCOATING is a flexible, asphaltic coating which contains no asbestos fiber. It combines the flexibility and sealing properties of rubber, with superior coating capabilities. An effective textured coating that dries fast without thick peaks and thin pockets which tend to weaken the film and trap moisture. A durable protective coating that helps retard the effects of rust corrosion, moisture, fumes, dust, heat and cold. An excellent rust protective coating for autobody repair. Creates an effective sound barrier that reduces vibration and deadens sound in wheel wells, quarter panels, fenders, frames, under carriages, spot repairs and welded joints.

#5921 PREMIUM PAINTABLE UNDERCOAT & SOUND ELIMINATOR is a flexible, paintable, black undercoat which has all of the same great features and benefits of product #5920 with additional sound eliminating capabilities.

#5981C SUPERIOR RUBBERIZED UNDERCOATING - VOC COMPLIANT has all of the same great features and benefits of product #5981, and is VOC compliant.

Part #	Description	Size	Case Qty.
5920	Premium Rubberized Undercoating (Black)	16 oz	12
5921	Premium Paintable Rubberized Undercoating & Sound Eliminator (Black)	16 oz	12
5981C	Superior Rubberized Undercoating - VOC Compliant (Black)	17.75 oz	12

PREMIUM AEROSOL LACQUER

#5917 PREMIUM GLOSS BLACK LACQUER is a fast drying, premium quality formula that provides quick coverage, weatherability and adhesion. Perfect for automotive trim and detail projects, it delivers a rich glossy finish every time.

Part #	Description	Size	Case Qty.
5917	Premium Gloss Black Lacquer	12 oz	12

PREMIUM AEROSOL TRIM PAINT

#5924 PREMIUM BLACK TRIM PAINT restores OEM back, quick drying, has excellent adhesion qualities and is durable. Ideal for metal trim, moldings, rear view mirrors and other vehicle areas.

Part #	Description	Size	Case Qty.
5924	Premium Trim Paint (Black)	12 oz	12

PREMIUM AEROSOL ENAMELS

#5928 - #5934 PREMIUM ENAMELS deliver the ultimate protection, gloss and color retention. A superior, high-solids formula ensures maximum coverage and performance. Resists fading, chipping, stains, weather, and corrosion on wood metal and fiberglass surfaces.

All Premium Aerosols are equipped with the *EZ TOUCH™ FANSPRAY®* valve requiring 50% less finger pressure than a standard valve. This allows for greater coverage with less overspray, and manipulates like a professional spray gun.

Part #	Description	Size	Case Qty.
5928	Premium Gloss Red Enamel	12 oz	12
5930	Premium Gloss White Enamel	12 oz	12
5932	Premium Gloss Black Enamel	12 oz	12
5933	Premium Semi-Gloss Black Enamel	12 oz	12
5934	Premium Flat Black Enamel	12 oz	12

QUALITY AEROSOL PRIMERS

#5909 ETCH FILL ONE STEP PRIMER is an 'etch type' primer that provides excellent adhesion for additional top coats, primers, and sealers to metals. This product is compatible with all automotive primer surfacers for spot repair and refinishing. Apply to steel, aluminum, and most metals.

Part #	Description	Size	Case Qty.
5909	Etch Fill One Step Primer (Gray)	16 oz	12

QUALITY AEROSOL CLEANER & BLENDING SOLVENT

#5907 TIDAL WAVE GUN CLEANER is a specially formulated cleaner for spray guns which have been used to spray waterborne coatings, especially automotive basecoats.

Part #	Description	Size	Case Qty.
5907	Tidal Wave Gun Cleaner	12 oz	12

QUALITY AEROSOL KLEARKOTE

#5914 ULTRA KRYSTAL KLEARKOTE is a ready to use UV resistant clearcoat in a convenient aerosol. Ultra Krystal Klearkote is crystal clear with excellent gloss and image depth. Ideal for small spot repairs on bumpers or side panel. #5914 is also an outstanding clear for use under hood, deck lids, and spraying jams for cut ins. Use on all your spray out cards to speed up the process of color match verification. The applications for this product are endless! Compatible with water based paints.

#5274-5280 | SEAM SEALERS & URETHANE SEALANT

PRODUCT DESCRIPTION: 5 STAR XTREME #5274 & #5275 PRO SEAL SEAM SEALERS are OEM quality, fast drying seam and joint sealers. Pro-Seal may be applied with any standard manual or air driven caulking gun. Available in two colors, black or white.

PRODUCT DESCRIPTION: 5 STAR XTREME #5280 PRO-GLASS URETHANE SEALANT is a user friendly, fast setting (15 min) autoglass urethane that provides excellent strength because of its powerful adhesion to glass and metal. Meets all O.E.M. standards and applicable motor vehicle safety requirements (U.S. MVSS 212 & 216). Can also be used as a fast setting seam and joint sealer or as a high strength single component adhesive for re-applying moldings and ground effects. May be applied with any standard manual or air driven caulking gun.

VALUE

#5005 & 5006 | CUT-OFF WHEELS

PRODUCT DESCRIPTION: 5 STAR XTREME Cut-Off Wheels are 3" diameter x 1/16" thickness x 3/8" center hole diameter. These abrasive reinforced wheels are ideal for automotive and autobody repair. Cut all ferrous materials with ease - cuts through clamps, hangars, sheet metal, angle iron, tubing, castings, mufflers and rusted bolts. Easier and safer to control than a torch, faster and less effort than a hacksaw. Cut-Off Wheels comply with American National Standards Institute Code B7.1 (1968 Rev.) and OSHA. Rated 25,000 RPM maximum speed (Pneumatic cutting tool should have safety guard).

Part #	Description	Size	Case Qty.
